A GLIMPSE INTO A FEW WORKSHOPS...

We will be offering a diverse set of workshops that highlight every aspect of STEM...take a sneak peek into what's in store!

Code Like a Boss:

Get ready to become a programmer for the morning and learn the basics of coding while writing programs for robots!

Be a Food Scientist for the Day:

Learn how food scientists use a tool called Liquid Chromatography to analyze for the quality, taste, color, and, if contamination is present.

g4g DNA Necklace Experiment:

Learn about the molecules of life as we extract our own DNA... that's right, our OWN DNA... and wear it as a pendant as scientific jewelry!

Just Breathe: Explore the Respiratory System!

Curious how our bodies work to help us breathe each day? Learn about the respiratory system & create a model of the lungs to take home!

Anything is possible!

ABOUT US

greenlight for girls (g4g) is a registered non-profit headquartered in Brussels, Belgium

OUR STORY

We began 7 years ago, and have reached more than **23,500 students & families** by conducting **170+ hands-on events & activities** across **6 continents** with the help of **4,200+ volunteers**.

SUCCESS

We measure the success of engaging girls in STEM through tracking their progress and sharing their stories. On average **94% of the participants** at any g4g event state they wish to pursue STEM.
