

G4G@WORK DAY AT AIG IN DUBLIN!

AIG AND GREENLIGHT FOR GIRLS (g4g) ARE WORKING TOGETHER TO HELP INSPIRE YOUNG WOMEN IN STEM

Students will have the opportunity to take part in a full day of science discovery at our signature event & most popular initiative. Plus we will have a special visit from some **DUBLIN GAA** ladies to explore the science behind sports.

Join us at AIG in Dublin to be a part of the fun!

A GLIMPSE INTO SOME OF THE WORKSHOPS...

Science in Everyday with Daisies:

A daisy represents a great deal – from mathematics & science in nature, to a symbol of possibilities, freshness & youth. We will explore our signature daisy experiment while the girls decorate their lab coats and see it transform!

Coding Challenge: Girls will be able to be a programmer for a day as they learn the technology and knowledge behind coding!

Virtual Reality AIG HAKA 360°:

The AIG HAKA 360° is a cutting-edge virtual reality app which allows you to experience the sensation of being on the field during a live HAKA performance with the All Blacks!

g4g DNA Necklace Experiment:

Girls will learn about the molecules of life as they extract their own DNA... that's right, we said their OWN DNA... and wear it as a pendant as fun (and scientific) jewellery!

WHEN & WHERE

Tuesday 23 May 2017
9:30am to 3:15pm
AIG, 30 North Wall Quay,
Dublin 1, Ireland

WHAT

A **free, full-day event** of interactive, hands-on fun with Science, Technology, Engineering and Math

WHO

We are inviting **80 girls** aged 11-15 from the local community

THE G4G STORY...

began about 5 years ago, since then we have reached more than **15,000 students** by conducting **120+ hands-on events** with **3,500 volunteers** across **6 continents**.

AIG PARTNERSHIP

AIG is proud to support g4g. Making a positive impact in the communities where we live and do business has always been a top priority of AIG.

To register for this event, please use the link in the email.
